Safeguarding Statement

At Worthington Primary School we respect and value all children and are committed to providing a caring, friendly and safe environment for all our pupils so they can learn, in a relaxed and secure atmosphere. We believe every pupil should be able to participate in all school activities in an enjoyable and safe environment and be protected from harm. This is the responsibility of every adult employed by, or invited to deliver services at Worthington Primary School. We recognise our responsibility to safeguard all who access school and promote the welfare of all our pupils by protecting them from physical, sexual and emotional abuse, neglect and bullying.

Principles of best practice

Best practice dictates that schools:

- Have an ethos in which children feel secure, their viewpoints are valued, they are encouraged to talk, and are listened to;
- Provide suitable support and guidance so that pupils have a range of appropriate adults to whom they can turn if they are worried or in difficulties;
- Work with parents/guardians to build an understanding of the school's responsibility to ensure the welfare of all children and a recognition that this may occasionally require children to be referred to investigative agencies as a constructive and helpful measure;
- Are vigilant in cases of suspected child abuse, recognising the signs and symptoms, have clear procedures whereby teachers report such cases to senior staff and are aware of local procedures so the information is effectively passed on to the relevant professionals;
- Monitor children who have been identified as at risk, keeping in a secure place clear records of pupils' progress, maintaining sound policies on confidentiality, providing information to other professionals, submitting reports to case conferences and attending case conferences;
- Provide and support Child Protection training regularly to school staff and in particular to designated teachers to ensure their skills and expertise are up-to-date, and ensure that targeted funding for this work is solely used for this purpose;
- Contribute to an inter-agency approach to Child Protection by developing effective and supportive liaison with other agencies;
- Use the curriculum to raise pupils' awareness and build confidence so that pupils develop a range of contacts and strategies to ensure their own protection and understand the importance of protecting others;
- Provide clear policy statements for parents/guardians, staff and pupils on this and on positive behaviour policies and the school's approach to bullying;
- Have a clear understanding of the various types of bullying - physical, verbal and indirect, and act promptly and firmly to combat it, making sure that pupils are aware of the school's position on this issue and who they can contact for support;
- Take particular care that pupils with Special Educational Needs (SEN), who may be especially vulnerable to abuse, are supported effectively with particular attention paid to ensuring that those with communication difficulties are enabled to express themselves to a member of staff with appropriate communication skills;
- Have a clear policy about handling allegations of abuse by members of staff, ensuring that all staff are fully aware of the procedures;
- Have a written whole school policy regularly reviewed which clearly outlines the school's position and positive action in respect of the aforementioned standards.

The aim of this policy is to safeguard and promote our pupils' welfare, safety and health by fostering an honest, open, caring and supportive climate. We wish our pupils to remain safe and free from harm. We are committed to playing a full and active part in the multi-agency response to Child Protection.

Our pupils' welfare is of paramount importance. We believe in open and honest communication with parents and guardians and will always share with them any information or concern about their children at the earliest opportunity. The only exception to this would be where it is felt that such a communication might compromise a pupil's safety. If a pupil is felt to be in need of protection and becomes the subject of a Child Protection Plan, parents/guardians should regard the school as a source of help and support.

All children have an absolute right to a childhood free from abuse, neglect or exploitation. All members of staff (teaching and non-teaching) have a responsibility to be mindful of these issues related to children's safety and welfare and a duty to report and refer concerns, however minor they may appear to be. NB: it is not the role of school staff to undertake an investigation.

If school receives information about a child which suggests he/she has been abused, neglected or that it is likely, we have a duty to refer these concerns to Social Care/Family Services or the Police. The school has no discretion in this matter. The Child Protection Procedures for Worthington Primary School are in accordance with the Local Authority Safeguarding Board multi-agency procedures.

Situations may not always be clear cut, in which case staff may consult with colleagues from an appropriate agency which will usually, but not always, be Social Care/Family Services. Advice and guidance will be sought in this case, meaning that those working with children have ready access to consistent information and advice from suitably qualified and experienced staff, in order to explore a situation and to decide together on an appropriate course of action. This should not be seen as a way of transferring ownership of a "problem", but as an agreed outcome of a discussion, when a referral will be made.

Children are best protected when professionals work effectively together and share responsibility for protective action. It is important to remember that a referral or consultation with Social Care/Family Services is an expression of concern about a child's welfare. It is not an accusation or a presumption of responsibility about a parent or guardian.

In the course of an investigation, social workers or the Police may wish to speak with a child, without parental knowledge or consent. Mr Clive Searle (Head Teacher), acting in "loco parentis", has the discretion to agree to allow this to enable the authorities to explore concerns and determine whether there are grounds for further action. In these cases the Head Teacher will ensure that the child's welfare is secured and he/she has access to a trusted adult.

Mr Clive Searle (Head Teacher) will not allow a child to be removed from the school premises without either:

- Parental consent
- or
- An Order of the Court or a Police Protection Order

Worthington Primary School has a statutory duty to work to the guidelines stated in the Safeguarding Children and Safer Recruitment in Education (DCSF, 2007) including the recruitment of anyone who will work in school. This policy has been developed following the latest DFE guidance 'Working Together to Safeguard Children', (2013). DBS (formerly CRB) vetting checks are carried out for all employed staff and regular volunteers prior to commencement of working in school. (Please also refer to the section titled Recruitment within this policy).

In addition, school has a duty to safeguard and protect the well-being of children and is committed to act in accordance with the locally agreed Child Protection procedures in cases where there is concern of significant harm. Significant harm can be defined as the ill-treatment or impairment of health and development of a child or young person. Development includes physical, intellectual, emotional, social or behavioural development. Health includes physical and mental health. This is viewed from the perspective of expected behaviour for a child of a similar age and understanding.

Worthington Primary School is constantly vigilant to deter possible abusers and will manage effectively any allegations or concerns about abuse when they arise.

When a child makes an allegation about abuse or neglect they will be listened to, have their comments taken seriously and, where appropriate, the allegations will be investigated thoroughly. It is not the role of school staff to undertake any such investigation.

Worthington Primary School fully recognises the contribution it can make to protect children and support the pupils in our school. The following categories of abuse are recognised:

1. Neglect: persistent or severe neglect, or the failure to protect a child from exposure to any kind of danger including cold, starvation or extreme failure to carry out important aspects of child care. It may also include neglect of, or unresponsiveness to, a child's basic physical and emotional needs resulting in a failure to thrive.
2. Physical injury: actual or likely physical injury to a child, or failure to prevent physical injury (or suffering) to a child.
3. Sexual abuse: actual or likely sexual exploitation of a child and/or their involvement in inappropriate sexual activities which includes all forms of media exposure e.g. internet, photography.
4. Emotional abuse: actual severe adverse effect on emotional behaviour of a child caused by persistent or severe emotional ill-treatment or rejection. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.

There are three main elements to our Child Protection Policy:

PREVENTION:

- Through the creation of an open culture which respects all individual's rights and discourages discrimination and bullying of any kind;
- Through a positive school atmosphere, teaching and pastoral support to pupils. Pastoral support is the responsibility of all staff working in school;
- By identifying a member of staff - Mr Clive Searle (Head Teacher) - with overall responsibility for Child Protection who is supported in his absence by Mrs H Chatterton, the Deputy Head Teacher;
- Through our staff offering all pupils an opportunity to talk and discuss any worries or concerns;
- Through PSHCE, SEAL and an ongoing programme of support, at an age-appropriate level to promote self-esteem and social inclusion and address the issue of Child Protection in the wider context of child safety in general.

PROTECTION:

- By following agreed procedures ensuring staff are trained and supported to respond appropriately and sensitively to Child Protection concerns;
- Through fostering an ethos of "collective responsibility" within school where staff communicate concerns timely and through appropriate school systems.

SUPPORT:

- By working to support any pupil or member of staff who may have been abused and by working to support parents or guardians.

This policy applies to teaching and non-teaching staff, and to all others working within school.

School Commitment

We recognise that high self-esteem, confidence, supportive friends and clear lines of communication with a trusted adult helps all children, and especially those at risk of, or suffering, abuse.

We will therefore:

- Work hard to establish and maintain an ethos where our pupils feel safe, secure and are encouraged to talk and be listened to;
- Ensure that pupils know that there are adults in the school who they can approach if they are worried or are in difficulty;
- Include in the core and enhanced curriculum activities opportunities for PSHE and SEAL which equip pupils with the skills they need to stay safe and develop realistic attitudes to the responsibilities of adult life;
- Ensure that wherever possible every effort will be made to establish effective

working relationships with parents/guardians and colleagues from other agencies.

Framework

We do not operate in isolation. The welfare of pupils is a corporate responsibility of the entire local authority, working in partnership with other public agencies and the voluntary sector. All local authority services have an impact on the lives of children and families and local authorities have a particular responsibility towards children and families most at risk of social exclusion. Child Protection is the responsibility of everyone.

Roles and Responsibilities

All adults working with or on behalf of children have a responsibility to safeguard children, however there are key people within schools and Trafford that have specific responsibilities under Child Protection procedures. As stated earlier there is a designated named staff responsible for Child Protection during school time. The named governor for Safeguarding and Child Protection is Mr S Robinson whose role is to liaise with named persons and school staff on all matters relating to Safeguarding and Child Protection, participate in the annual review of policy and procedures and make an annual report to the full Governing Body. All named staff and governors have had access to Safeguarding and Child Protection training and are aware of our safer recruitment procedures.

In the event of any concern by any member of staff, or if any member of staff is approached by a pupil regarding any matter concerning abuse, they must tell the pupil that they are bound to share the information. All staff should be alert to signs of abuse and know to whom they should report any concerns or suspicions. In the first instance this should be the Head Teacher or, in their absence, Mrs H Chatterton, the Deputy Head Teacher.

Because of the day-to-day contact with children, schools are particularly well placed to observe outward signs of abuse, changes in behaviour or failure to develop. Parents/guardians will be made aware that, where it appears to a member of staff a pupil may have been abused, the school is required to report their concern to Social Care/Family Services.

Procedures

Where it is believed a child is suffering from, or is at risk of significant harm we will follow the procedures below which are guided our Local Authority Safeguarding Board directives.

Teacher's responsibilities:

- To be vigilant in order to identify potential incidences of abuse;
- To report immediately to the designated named person/s;
- To complete documentation for external agencies as appropriate;

It is not the teacher's role to investigate suspected abuse but rather to recognise it and refer it as appropriate to the designated named person/s.

Designated named person's responsibilities:

- To co-ordinate actions in the school and liaise with agencies over suspected or actual cases of child abuse;
- Identify the signs and symptoms of suspected or actual abuse and when to make a referral;
- To ensure that staff observe and implement school's agreed procedures;
- To facilitate training for all staff and governors;
- To authorise and support referral to the relevant and appropriate authority;
- To keep full and accurate records of concerns, reports and referrals made which are stored securely to maintain confidentiality.

Professional Confidentiality

Worthington Primary School's training and induction processes ensure the context of confidentiality is fully understood by all those working with our pupils, particularly in the context of Child Protection. All information should be treated as confidential and particular care taken with sensitive information. Sharing information will be treated on a "need to know" basis. Relevant factors include:

- The purpose of the disclosure;
- The nature and extent of the information to be disclosed;
- The appropriateness of the professional to whom is the disclosure to be made;
- If disclosure is a proportionate response to the need to protect the welfare of a pupil.

School will not undertake an investigation but may seek clarification from the pupil. Care will be taken not to ask leading questions. Regular Child Protection training ensures our school staff understand they should not promise confidentiality to a pupil.

In the unlikely event that an incident happens outside core school hours, e.g. on an educational visit or during an after school activity, and none of school's named person/s are available the teacher/staff member will contact the relevant agency as soon as possible if they feel the safety of the pupil may be compromised. The telephone number of MARAT (Multi Agency Referral Team in Trafford) is obtained from the office wall. The designated named person/s should be informed as soon as possible afterwards. Relevant information will be recorded at the time with full details of the concern.

Protecting Staff

All staff are required to attend Child Protection/Safeguarding training with regular practice updates. This is to ensure best practice is maintained and that staff are aware of measures designed to support their safety and protection together with those pupils in their care. Staff should:

- Always avoid inappropriate physical contact with pupils;
- Avoid being left alone in a room with a closed door with just one pupil;
- Be aware of school's Intimate Care policy. When a pupil needs intimate care staff will ensure that another member of staff knows they are about to undertake the task. Wherever possible an additional member of staff will be present e.g. assisting a pupil to wash/change clothing or to be changed due to them wetting or soiling. Such tasks should be carried out with consideration of school's Intimate Care Policy and, where a pupil has complex health needs, in line with the pupil's care plan. Staff will inform parents/guardians that such tasks have been carried out.
- Avoid discussing, counselling and/or giving advice to pupils about sexual matters except in the agreed context of planned SRE lessons where parental permission will have been obtained. All staff should be aware of school's SRE policy ratified by the Governing Body and the statutory requirements of delivering such education. (Guidance is available on the DFE website).

Allegations made against staff

Sometimes allegations of abuse may involve a member of the school staff. In these circumstances the allegations must be reported to Mr Clive Searle (Head Teacher) immediately. On receipt of such an allegation the Head Teacher will contact the Local Authority Designated Officer (LADO). If the allegation concerns the Head Teacher, the member of staff receiving the allegation must contact one of the other named persons, Mr I Robbins (Chair of Governors) and LADO as a matter of urgency. (Contact details are held in the office.)

Training and Support

We will ensure that the Head Teacher, Named Persons, Chair of Governors and Safeguarding Governor attend Child Protection training relevant to their role. School staff will also receive basic Child Protection awareness training and be kept informed through dissemination and our INSET programme.

Recruitment

As stated earlier Worthington Primary School operates safe recruitment procedures in line with Central Government policy and Trafford guidelines to ensure that vetting checks are carried out on all new staff and, where appropriate, volunteers who work regularly with our pupils. This includes Disclosure and Barring Service (DBS) checks (formerly known as CRB). Anyone who is not prepared to cooperate with these procedures will not be considered for employment or work in a voluntary capacity within the school.

All childcare organisations, which includes schools, have statutory duties under the Protection of Children Act 1999. As such school will:

- Refer names to the DBS if there are concerns that a person has caused harm, or poses a future risk of harm to our pupils;
- Complete DBS vetting checks as previously stated;
- Not employ or allow a person to volunteer if they are registered on a DBS barred list.
- Cease to employ a person if it is later discovered that the individual is registered on a DBS barred list.

From January 2010 it became mandatory that at least one person on any appointments committee should have completed the Safer Recruitment training. The Head Teacher and named Governor keep this training up to date.

The Data Protection Act

The Data Protection Act (2010, 1998) regulates the handling of personal data. Essentially, this is information kept about an individual on a computer or in a manual filing system. The Act lays down requirements for the processing of this information which includes obtaining, recording, storing and disclosing it.

If making a decision to disclose personal data the Data Protection Act must be complied with. This includes eight data protection principles. There should not be an obstacle if:

- There are particular concerns about the welfare of the pupil.
- If information is disclosed to social services or to another professional organisation e.g. Police
- The disclosure is justified under the common law duty of confidence.

As previously stated professionals can only work together to safeguard children if there is an exchange of relevant information between them. This has been recognised in principle by the courts. Any disclosure of personal information by school to others (including social services departments), will always, however, have regard to both common and statute law.

Normally, personal information should only be disclosed to third parties (including other agencies) with the consent of the subject of that information. Wherever possible, consent will be obtained before sharing personal information with third parties. In some circumstances consent may not be possible or desirable but the safety and welfare of a pupil dictate that the information should be shared. The law permits the disclosure of confidential information necessary to safeguard a pupil. Disclosure should be justifiable in

each case according to the particular facts of the case and legal advice will be sought if school is in doubt.

Records and Monitoring

Well kept records are essential to good Child Protection practice. Staff have been informed about the need to record any concerns held about a pupil or pupils within our school, the status of such records and when these records should be passed over to other agencies.

As stated earlier records concerning Child Protection are kept in a separate and securely locked cabinet. The Head Teacher will ensure that staff are informed of the contents of reports and other confidential issues on a need-to-know basis, although the overriding principle is the safety of pupils. All records are confidential. Anyone requesting access to records must first consult with the Head Teacher who will allow access only if it is deemed appropriate. A record of all access will be maintained to provide an audit trail.

Attendance at Child Protection Conferences

A Child Protection conference may be convened by social services to which all involved agencies would be invited. Where a case involves a pupil in our school a representative is usually invited to attend the meeting. The Head Teacher or one of the other named persons may attend – the choice of this representative will depend on the circumstances of each individual case.

Staff may be requested to provide a report for a Child Protection meeting. Any report should be relevant, concise and professional. All reports will be submitted in the first instance to the Head Teacher or, if not available, the Deputy Head Teacher.

All staff that are required to attend such meetings, prepare reports and maintain relationships with parents during and after a referral has been made will be fully supported by our staff who have completed specialist Child Protection training.

This policy should be read in conjunction with our other related school policies such as:

Behaviour management policy
Inclusion policy
Anti-bullying policy
Health & Safety policy
Care & Control policy

SRE Policy
PSHCE Policy
SEN Policy
Intimate Care policy
