

## Spring Term Project

Dear Children,

For your project this term we would like you to think of what you have enjoyed the most and illustrate your new knowledge in a creative way:

For example:

Science	Go on a seasonal walk/find a video and take photographs/draw/film all the signs of Spring. Display these on a collage and write some captions.
History	Create a fact file about one of the astronauts we have studied and film it. Make a model of one of the famous events in history.
Geography	Make a collage of the world map and label the continents. Draw a map of where you live and label the geographical features.
Design and Technology	Make your own moving picture (using the slide or lever mechanism) on an Easter theme.
Art	Find another Van Gogh painting and recreate it using a different material eg paint, crayon, collage etc

This list are only ideas so if you can think of something different we will look forward to seeing it.

Please bring your project in on Tuesday 14<sup>th</sup> April 2020 so we can share them with each other.

Thank you, Mrs Best, Miss Shaw and Miss Stirrup,
