Foreword by Mr I. Robbins, Chair of Governing Body

The school's commitment to safeguarding the welfare of every school user is our highest priority. We have developed and continue to maintain a 'culture of vigilance' to ensure that signs and symptoms of abuse are picked up. As a result of this, the opportunity for those wishing to cause harm to children is drastically reduced.

Purpose and principles

The purpose of this document is to ensure that all stakeholders are aware of the arrangements that Worthington Primary School have in place for safeguarding and promoting the welfare of its pupils. It provides guidance to help staff who may have concerns about the safety or welfare of a child, and sets out the school's position in relation to the safeguarding process.

This policy:

- has been written in line with the Department for Education (DfE) statutory guidance – Keeping children safe in education, September 2020, and any other relevant UK legislation and government guidance.
- applies at all times when the school is providing services or activities directly under the management of the Worthington Primary School staff.
- is publically available on the school's website, and a printed copy can be made available via the school office.

This policy is consistent with all other policies adopted by the Governors and should in particular be read in conjunction with the following policies relevant to the safety and welfare of children:

- Anti-Bullying Policy
- Behaviour Management Policy
- Staff Code of Conduct
- IT/Online Safety Policy
- Whistle blowing Policy
- Children missing from Education Policy

All staff working in this school (including visiting staff, volunteers and students on placement) are required to report instances of actual or suspected child abuse or neglect to the Designated Safeguarding Lead who is a member of the school's leadership team. This person has the appropriate status and authority within the school to carry out the duties of the post.

The Designated Safeguarding Lead is also the first point of contact for external agencies that are carrying out Child Protection investigations and safeguarding enquiries.

The Designated Safeguarding Lead co-ordinates the schools representation at multi-agency meetings relating to safeguarding to ensure information is effectively shared between agencies. The DSL is also responsible for their schools contribution and commitment to any plans, team around the family and core groups or other assessment. These meeting include:

- Team around the Family Meetings (Early Help)
- Social Care Strategy Meetings
- Child in Need Meetings
- Initial Child Protection Conferences
- Review Child Protection Conferences

The Designated Safeguarding Lead will also ensure the submission of written reports for relevant multi-agency meetings (relevant meetings named above).

When an individual concern/incident is brought to the notice of the Designated Safeguarding Lead, they will be responsible for deciding whether or not this should be reported to other agencies as a safeguarding issue, or whether a single agency response would be more appropriate and proportionate (Early Help – Level 2 of the Level of Need).

If the school identifies emerging needs or if emerging needs are identified by other professionals, and/or the family themselves and the school is best placed to provide a single agency response to the presenting need(s), we will do so under the banner of Early Help. We will utilise our internal staff network and document the Early Help provided on our own internal CPOMS system. (CPOMS is the school's on-line management of records system.) This is just for cases that are at Level 2 of the Level of Need¹.

When engaging other services outside of our school to form part of a Team around the Family, we will utilise Trafford's Early Help Assessment² to ensure this is formalised in a consistent way for all agencies involved at that point. Where necessary the school will

¹ The Trafford Strategic Safeguarding Partnership Level of Need is a document that provides a useful guide for professionals to determine what level of service provision is appropriate and proportionate, based on the individual child and family's needs - <https://www.traffordsafeguardingpartnership.org.uk/Docs/Safeguarding-children-young-people/Levels-of-Need-document.pdf>

² Trafford's Early Help Assessment is an assessment of emerging and existing needs of a child and/or their family to ascertain their strengths and development needs, in addition to forming an action plan to manage any risk and to deal effectively with the emerging and/or existing needs to ensure they have the best possible outcome without the need to escalate to statutory services.

complete an Early Help Assessment to identify specific needs that require the assistance of other services outside of the school.

Arrangements are in place to ensure that at least one person who is a trained designated safeguarding lead is available when children are taking part in school led activity, this includes before and after school clubs and other extra-curricular activities, both during and out of term time. If either of the designated safeguarding leads are not physically in school, they will always be available via telephone.

If a child is in immediate danger, contact will be made with the police via 999.

If a child is identified as a Child in Need or a child at risk of or being subjected to significant harm, a referral will be made to Trafford Children's First Response³ via the online referral form.

Whilst any professional can make a referral to children's social care, in school we expect all staff where practically possible to always discuss their concerns with the designated safeguarding lead first to ensure all information is coordinated and held in one central point. If staff need to make a referral as a matter of urgency they are expected to feedback to the designated safeguarding lead as soon as practically possible thereafter. All relevant contact details for children's social care are shared with staff via our staff safeguarding notice board, in their induction and in Appendix 4 of this policy.

All verbal conversations that take place regarding safeguarding concerns will promptly be recorded in writing on CPOMS.

Covid 19 Pandemic

The effects of the Covid 19 pandemic have had far reaching consequences, especially on the way that schools function. In light of the way our setting has operated throughout the national lockdown and afterwards, an addendum to our Safeguarding and Child Protection Policy has been applied and will continue to be in place until such time as we return to business as usual. The addendum to the policy was written with regard for the UK Governments 'guidance for schools and colleges to support them keeping children safe, including online, during the coronavirus (COVID-19) outbreak'⁴, and can be found in appendix 9 in this document. It was formally agreed by the Governing Body on 21st July 2020.

Creating a Safeguarding Culture

It is important to us at Worthington Primary School that all children feel safe and supported in our setting.

Safeguarding is our priority across all aspects of our work and our policy underpins the rigorous practice that takes place in the school to best protect our students, and staff.

All staff are aware of the categories of abuse, which are:

³ Trafford Children's First Response is the Front Door to Children's Services in Trafford Council. It comprises of Children's Social Care, Intensive Family Support, Police, Health and Mental Health, IDVA support and a Specialist Education Practitioner.
⁴ <https://www.gov.uk/government/publications/covid-19-safeguarding-in-schools-colleges-and-other-providers>

The definitions of which can be found in the glossary, and signs and symptoms of the four categories of abuse can be found in Appendix 3.

Staff are also made aware of other key safeguarding topics that, these are:

Bullying & Cyberbullying	Child Sexual Exploitation	Children with SEN and/or disabilities	Contextual Safeguarding
Criminal Exploitation <i>'County Lines'</i>	Domestic Abuse	Early Help	Female Genital Mutilation
Gangs & Youth Violence	Hate	Peer on Peer Abuse	Preventing Radicalisation & Extremism
Private Fostering	Relationship Abuse	Sexting	Trafficking

The definitions of the above can be found in the glossary. Information and learning relating to the above topics is made available in school, but staff are also encouraged to undertake their own learning. More information in relation to staff training etc. can be found in the 'Staff learning and development' section of this policy.

Additional to the above, Worthington Primary School recognises the significant impact domestic abuse can have on children and young people, therefore we have signed up to Operation Encompass.

Operation Encompass is an agreement between Greater Manchester Police and schools within Trafford. This agreement facilitates the sharing of information relating to domestic incidents where children live or frequent. A flowchart explaining the process for sharing information through Operation Encompass can be found in Appendix 1.

Child Sexual Exploitation (CSE) is also a key safeguarding topic, which all staff are aware of and report their concerns regarding CSE via the schools normal reporting channels. The definition of child sexual exploitation can be found in the glossary. Signs and symptoms of child sexual exploitation can be found in Appendix 5.

Staff are directed to the NSPCC's website for guidance on signs and symptoms of Female Genital Mutilation (FGM) - <https://www.nspcc.org.uk/preventing-abuse/child-abuse-and-neglect/female-genital-mutilation-fgm/signs-symptoms-and-effects/>. The school recognises

and adheres to its mandatory duty to report any suspected or known cases of FGM about a female under 18 years old to the police.

If a member of staff becomes aware of a private fostering arrangement they will notify the Designated Safeguarding Lead or their deputy as soon as possible. All known or suspected Private Fostering Arrangements will be reported to children's social care in the area where the child resides. Private Fostering is defined in the glossary.

All cases of known or suspected 'Honour-based' Abuse will be reported via the schools normal channels and the appropriate professional advice sought and external referrals completed.

Incidents of peer-on-peer abuse may need to be dealt with in various ways. Incidents of bullying will be dealt with via the schools anti-bullying policy and/or behaviour policy. Incidents which take place outside of school may need to be addressed in school however the school are clear that where professional advice needs to be sought from external partners, it will be. The schools Designated Safeguarding Lead will consult children's social care on matters relating to the safety and welfare of a child and will consult the police in respect of matters relating to a possible crime.

In respect of sexual violence and sexual harassment between children, the school takes a proactive approach to prevent such incidents from taking place. We incorporate healthy relationships, people who help us, British values etc. in to our curriculum time in an age appropriate way for the year groups in school. Also, from September 2020 we have included Relationship Education in the school timetable, in line with DfE guidance and the national curriculum.

When incidents of sexual violence and sexual harassment occur, the schools response is ultimately decided on a case-by-case basis, with the designated safeguarding lead (or a deputy) taking the lead role, using their professional judgement and being supported by other agencies, such as children's social care and the police as required to put a proportionate and supportive package of care in place for those affected.

The school adopts the UK Council for Child Internet Safety guidance 'Sexting in schools and colleges: Responding to incidents and safeguarding young people' in respect of our response to sexting. This guidance clearly sets out how to handle incidents, should they occur and what preventative steps can be taken to educate young people. This guidance can be found in Appendix 6.

All staff are expected to refer to HM Government guidance 'What to do if you're worried a child is being abused – Advice for practitioners' for further help in identifying signs and symptoms of child abuse and neglect. This guidance can be found in Appendix 3.

Robust systems have been established in school for dealing with safeguarding concerns. All allegations of abuse and neglect, whether suspected or known will be treated seriously and in confidentiality. We ensure that any conversation is recorded, first in paper form and then uploaded on to our CPOMS electronic system. Any written paper record and our CPOMS record are confidentially and safely stored.

All information is handled in accordance with the school's Information Sharing Policy, which is written in line with HM Government guidance – 'Information Sharing: Advice for

practitioners providing safeguarding services to children, young people, parents and carers, July 2018', and the 7 principles of information sharing within that document.

Throughout school, safeguarding is taught as part of our curriculum. We appreciate that whilst adults in school are working hard to keep children safe, children also play a large part in keeping themselves and their peers safe from abuse and neglect.

An age-appropriate curriculum is rolled out in school to build capacity amongst our students in their understanding of particular issues, and what actions they can take to be safe.

Instances of children who are missing from education are dealt with under the schools children missing from education policy, which sets out the schools approach to tackling this issue, and the steps school will take when a child has poor attendance and/or are regularly missing.

To assist with the above and other incidents, the school will request two emergency contacts for each child to ensure school have other means of contacting a key adult, should one be unavailable for any reason.

The school takes an active stance on meeting the duties placed upon them by the Counter Terrorism and Security Act 2015 (The Prevent Duty), and we have created a culture which embraces the fundamental 'British values'. To ensure compliance with the Prevent Duty, the school:

- Ensure staff are able to identify children who may be vulnerable to radicalisation, and know what to do when they are identified
- Build resilience and capacity in the students by promoting the fundamental British values and enabling them to voice and challenge views in a safe space

The school understands that children with special educational needs and disabilities can face additional safeguarding challenges, and staff constantly challenge their own thought process in scenarios like this. This is to ensure that additional difficulties aren't straight away related to the special educational need or disability, and that staff are considering the risk of abuse or neglect just as much.

Staff learning and development

Learning about safeguarding is given a high priority at Worthington Primary School. Expertise is extended effectively and internal capacity is built up through performance management. Managers ensure that all staff regularly undertake a comprehensive range of learning to promote safe practice in classrooms, around the school and off site.

All new staff to the school have a comprehensive induction, this includes reading and understanding:

- Information sharing: advice for practitioners who are providing safeguarding services
- Part one and Annex A of 'Keeping children safe in education 2019'
- School Behaviour Policy
- School Policy for Children Missing from Education
- Staff Code of Conduct
- This Safeguarding & Child Protection Policy
- 'What to do if you're worried a child is being abused' guidance

Designated staff are trained in specialist areas of work, such as:

- Designated Safeguarding Lead
- Mental Health Champion
- Domestic Abuse Champion etc.
- Designated Teacher for Looked After Children

A variety of learning materials on safeguarding are made available in school to ensure staff continually develop their understanding and practice around safeguarding, these include:

- TSSP Termly Safeguarding in Education Bulletins
- TSSP Multi-Agency Learning and Development Programme
- Leaflets
- Mentoring
- Online learning
- Posters in the staff room detailing referral processes and key topics
- Shadowing
- Staff handbook
- Staff induction pack
- Standing agenda item staff meetings
- In-house training
- Video
- Workbooks
- NSPCC (monthly) and Andrew Hall (weekly) email updates for staff and governors

All learning and training is documented as part of the member of staff's personnel file, which also helps us map learning needs across the staff team for further development. A checklist is used as part of the induction process, and thereafter in the performance management process to ensure all compulsory learning has taken place. A blank copy of this form can be found in Appendix 7.

Safeguarding is always re-visited at least on an annual basis in staff performance management sessions, to ensure they are as confident and competent in carrying out their safeguarding responsibilities as they possibly can be.

All training events are offered out to all volunteers working in school and the governing body, to ensure they too have the opportunity to understand the processes and practices as they apply in the school.

As and when required, other external agencies may be consulted to assist with staff learning and development.

Safer Recruitment

Senior managers and the governing body ensure that stringent recruitment and vetting procedures are in place for staff and other adults, and that nobody commences work unless all necessary checks are complete to a satisfactory level. The same rigour is applied when appointing volunteers.

Checks undertaken include:

- Enhanced Criminal Records Bureau Check
- Two professional references
- Identity confirmation
- Qualification check
- Staff suitability declaration (if appropriate)
- Establish confirmation of physical and mental fitness for the role
- Barred List Check (if working regulated activity)
- Overseas police checks (if appropriate)
- Confirmation of right to work in the UK
- Confirmation of professional registration (if appropriate)
- Prohibition from teaching check (only if employed as a teacher)

A member of the senior leadership team will take responsibility for ensuring that all relevant checks are carried out and documented on the schools single central record. Supporting evidence for recruitment checks is included in the staff member's personnel file.

Some of our senior leaders and governors have completed safer recruitment training. At least one member of every interview panel for a position in the school (paid or voluntary) will have completed safer recruitment training. This training is refreshed when appropriate.

Where children are involved in the recruitment process e.g. to conduct an interview, they are briefed for this role and the need to treat information confidentially.

All contracts with supply agencies are specific about what checks need to be complete before any individual commences work at the school, and that they will be expected to present identification upon arrival.

More information can be found in Appendix 2 relating to when a barred list check would be carried out.

References will always be sought before confirming a person's appointment, these will be written and about previous employment, this will check that information is not contradictory or incomplete. At least one reference will be from the candidate's current employer. When a candidate is not currently employed, verification of their most recent period of employment and reasons for leaving should be obtained from the organisation where they were employed.

Managing allegations against professionals who work with children

An allegation is any information which indicates an adult who works with children and young people under 18 (paid or voluntary staff) may have:

- Behaved in a way that has harmed a child, or may have harmed a child;
- Possibly committed a criminal offence against or related to a child;
- Behaved towards a child or children in such a way that indicates he or she may pose a risk of harm to children; or
- Behaved or may have behaved in a way that indicates they may not be suitable to work with children.

This applies to any child the member of staff has contact with in their personal or professional life.

All staff are reminded of the school's Whistleblowing Policy, a paper copy of which is always available in the staffroom and can be found electronically on our school website.

Allegations regarding members of staff at Worthington Primary School must be reported immediately to the headteacher, or in their absence the deputy headteacher.

Any allegations concerning the headteacher should be referred to the Chair of Governors, using the contacts details set out in the key information section of this policy.

Concerns that meet the above criteria will be referred to the Local Authority Designated Officer (LADO) within one working day. Contact details for the LADO for Trafford can be found in Appendix 4.

Initial discussions with the LADO will consider the nature of the allegation and next steps.

Controlling access to school premises

Schools can bar someone from the premises if they feel that their behaviour poses a risk to staff or pupils. It's enough for a member of staff or a pupil to feel threatened.

The school should tell an individual that they've been barred or they intend to bar them, in writing. Letters should usually be signed by the headteacher, though in some cases the local authority may wish to write instead. The individual must be allowed to present their side.

A school can either:

- bar them temporarily, until the individual has had the opportunity to formally present their side; or
- tell them they intend to bar them and invite them to present their side by a set deadline.

After the individual's side has been heard, the school can decide whether to continue with barring them. The decision will be reviewed within a reasonable time, decided by the school.

The Department for Education (DfE) does not get involved in individual cases.

We don't knowingly allow any person on to school grounds who:

- is a convicted sex offender, subject to the notification requirements of the Sexual Offences Act 2003; or
- is subject to a Risk of Sexual Harm Order, Sexual Risk Order or Child Abduction Notice.

If you don't disclose relevant information relating to the above about yourself, and it later becomes known to us, we reserve the right to require that you leave the school site.

Glossary

A Child	A person who has not yet reached their 18 th birthday.
Abuse	A form of maltreatment of a child. Somebody may abuse or neglect a child by inflicting harm, or by failing to act to prevent harm. Children may be abused in a family or in an institutional or community setting by those who know them or, more rarely by others (e.g. via the internet). They may be abused by an adult or adults or another child or children.
Bullying & Cyberbullying	Behaviour that is: <ul style="list-style-type: none"> • repeated • intended to hurt someone either physically or emotionally • often aimed at certain groups, for example because of race, religion, gender or sexual orientation
Child Protection	Activity that is undertaken to protect specific children who are suffering, or are likely to suffer, significant harm.
Child sexual exploitation	Child sexual exploitation is a form of child sexual abuse. It occurs where an individual or group takes advantage of an imbalance of power to coerce, manipulate or deceive a child or young person under the age of 18 into sexual activity (a) in exchange for something the victim needs or wants, and/or (b) for the financial advantage or increased status of the perpetrator or facilitator. The victim may have been sexually exploited even if the sexual activity appears consensual. Child sexual exploitation does not always involve physical contact; it can also occur through the use of technology.
Children with Special Educational Needs and/or disabilities	SEN - a child or young person has SEN if they have a learning difficulty or disability which calls for special educational provision to be made for him or her. Disability - a physical or mental impairment which has a long-term and substantial adverse effect on their ability to carry out normal day-to-day activities.
Contextual Safeguarding	Contextual Safeguarding is an approach to understanding, and responding to, young people's experiences of significant harm beyond their families. It may involve conveying to a child that they are worthless or unloved, inadequate, or valued only insofar as they meet the needs of another person.</p> <p>It may include not giving the child opportunities to express their views, deliberately silencing them or 'making fun' of what they say or how they communicate. It may feature age or developmentally inappropriate expectations being imposed on children. These may include interactions that are beyond a child's developmental capability as well as overprotection and limitation of exploration and learning, or preventing the child participating in normal social interaction. It may involve seeing or hearing the ill-treatment of another. It may involve serious bullying (including cyberbullying), causing children frequently to feel frightened or in danger, or the exploitation or corruption of children. Some level of emotional abuse is involved in all types of maltreatment of a child, although it may occur alone.</p>

Trafford Strategic Safeguarding Partnership Level of Need

Level		Description: At this level the child or family...	What Needs to happen next?	Assessment Required Referral Process
Universal	Level 1	...is thriving without requirement for additional support and all needs are being met by universal services, for example Health Visitor, School Nurse, Dentist or School.	Ensure that all families are aware of the Family Information Service and are registered with Education and Training providers, Health Services and Community Groups.	Use of Trafford Directory
Early Help / Prevention	Level 2	...may require or would benefit from additional input or support from an agency/agencies.	When a child begins to display emerging needs requiring additional support, services already working with the child should support the family by undertaking an assessment and develop an Outcome Plan. This will identify support from within the local community or a specific intervention.	Assessment required for example Early Help Assessment. Referral Form for specific agency
Intensive Family Support	Level 3	...are experiencing multiple and/or complex needs. The family is struggling to effect change without the support and intervention of services. There is a need for a greater level of support including regular home visits.	If a child or family's issues are more complex and cannot be managed within the community and the family consent, additional support can be sourced through Intensive Family Support. This would include support in the home, pulling in multi-agency partners who are, or need to be, involved with the child and family in order to achieve a positive outcome	Early Help Assessment; which will be required when referring for Intensive Family Support.
Child In Need	Level 4	...is unlikely to achieve or maintain a reasonable standard of health or development without the provision of services. The child's health or development is likely to be significantly impaired, or further impaired without the provision of additional services; or the child is disabled.	As the child and family's issues continue to escalate or if interventions are not working and it is felt that the needs cannot be met without the intervention of social care. There should be a sound record of interventions and support offered previously by services to highlight why social intervention is required.	Child and Family Assessment. Referring agency to complete referral.
Child Protection	Level 5	...is at risk of or suffering significant harm and is in need of help and protection. Has a high level of unmet and complex needs requiring statutory interventions.	These children require immediate social care intervention to ensure continued safety and positive development and to prevent significant harm. This may lead to them becoming subject to a Multi-Agency Child Protection (CP) Plan or becoming Looked After. Any child subject to a CP Plan or Looked After will have social care intervention already in place.	Child and Family Assessment. Referring agency to complete referral.

COVID 19 Measures

COVID-19 Appendix to TSSP Model Safeguarding and Child Protection Policy for Early Years Providers, Schools and Colleges

Trafford Strategic
Safeguarding Partnership

Introduction

COVID-19 (commonly known as Coronavirus) has presented a huge challenge nationally to the normal running of education and child care provision. On 20th May 2020 the Government updated their guidance 'Coronavirus (COVID-19): safeguarding in schools, colleges and other providers' which included an announcement that schools are expected to welcome back more students and this policy addendum is written to reflect the government guidance.

Education and child care settings are still expected to remain open to those children who are identified as vulnerable⁶ and their needs cannot be catered for at home, or they need to attend the education/child care setting as it is a safe place, irrespective of what year group they are in.

This appendix has been prepared to explain key changes and interim measures being taken within our setting to continue to meet our safeguarding requirements during these extraordinary times.

Status of this document

This is an appendix to the main body of our Safeguarding and Child Protection Policy and will be effective from 23rd July 2020 until the setting returns to business as usual, following the COVID-19 pandemic.

It has been formally agreed and signed off by the full Governing Body on 22nd July 2020.

Queries about the contents of this document should be directed to:

Name: Mr C Searle

Job Title: Headteacher

⁶ Vulnerable children include those who have a social worker, those children and young people up to the age of 25 with education, health and care (EHC) plan, and children who the setting have otherwise identified as vulnerable.

Email: csearle@worthingtonprimary.co.uk

Telephone: 0161 973 3504

All staff and volunteers working in school or those working remotely will be provided with a copy of this addendum via the school's website and email (where an email address is known) and be required to confirm to the DSL that they have read and understand this document.

Designated Safeguarding Lead (DSL) arrangements

It is vital that while our setting remains open a suitably trained DSL is available for consultation and advice.

The optimal scenario for our setting and one we will strive to achieve is to have a trained DSL or deputy available on site. Due to staff self-isolating, social-distancing or being physically unavailable for other reasons, it is recognised this may not always be possible, and where this is the case there are two options we will implement, the first being the preferred and second a backup option:

1. A trained DSL or deputy from the setting will be available to be contacted via phone or online video i.e. skype, if they are working off site
2. Sharing trained DSLs or deputies with schools in the local area, found by Trafford Local Authority until our own trained DSL can return to work or be available.

Where a trained DSL or deputy is not on site, in addition to one of the above options, the setting will have a senior leader who will take responsibility for co-ordinating safeguarding on site. This person will update and manage access to child protection files, liaise with the offsite DSL (or deputy) and as required liaise with children's social workers where they require access to children in need and/or to carry out statutory assessments at the setting.

Our DSL, deputy DSL and others with designated roles are identified in the main body of our Safeguarding and Child Protection Policy. In the event of one of the above scenarios is implemented and the DSL changes, this will be communicated to staff by face to face communication, text and email.

Contacting Trafford Children's First Response

Making referrals into Trafford Children's First Response will continue as usual, with referrals being made via the online referral form, and telephone consultations taking place when advice is required. Where possible the referral will be made by the DSL, however if the DSL is not available in person the senior leader who is co-ordinating safeguarding on site may be required to make the referral after getting advice from a suitably trained DSL.

- Telephone – 0161 912 5125
- Email – FirstResponse@trafford.gov.uk

Contacting the Local Authority Designated Officer (LADO)

In the instance a referral to the LADO is necessary this will be actioned by the headteacher within 1 working day of the allegation coming to light. Should they not be available then his deputy will make the referral.

Contact methods for the LADO will remain the same with all LADO referrals being made via the online referral form. Consultation by phone may be necessary in which case this will be done via Trafford Children's First Response (contact details above).

- Online Referral Form - <https://trafford-framework.egovhub.net/ALLEGATIONOFPROFESSIONALABUSE/launch>
- Email – LADO@trafford.gov.uk

If it is decided that a LADO Meeting is necessary the setting will take part in this via Microsoft Teams which is the software being used by the LADO.

Attendance of Vulnerable Children

The attendance information for vulnerable children will be reported to the local authority on a daily basis. The method for doing this is **through the daily returns to your relevant Liaison Officer.**

Vulnerable children may not be attending school for other reasons including self-isolation, social-distancing or for another reason, these will be monitored by the setting and contact with the child and their family will be maintained via **daily** phone calls. When phone calls are not answered and contact cannot be established with a family, the setting will take the following measures:

- The Vulnerable Children's Daily Log Attendance sheet will be completed and sent to Trafford Children's First Response by email.

Children of concern who do not meet the 'vulnerable' definition

The school also has students about whom there are concerns, however they do not have a social worker or an Education, Health and Care (EHC) Plan so do not meet the criteria of a 'vulnerable' child. With these children the setting still feels that contact should be maintained to ensure safety and welfare can be monitored as best as practically possible. This will involve at least weekly telephone calls to the parent/carer and child.

All other Children

The school continued to take their normal attendance register from 10th June 2020 in line with government requirements however the logistics of children attending school had to be carefully managed.

During the period 10th June to 23rd July 2020, Nursery, Reception, Year 1 and Year 6 pupils were given the opportunity to attend, along with the children of key workers and vulnerable pupils.

For those students/learners who are not physically attending the setting we still have a duty to keep them safe, including online. The following measures have been implemented to ensure that contact with children is maintained and setting staff can maintain oversight of their welfare as best as practically possible.

- Weekly telephone calls with class teacher/key person

If staff have any concerns about children they will follow the standard reporting procedure outlined in the main body of our Safeguarding and Child Protection Policy.

Staff Training

When the setting is open it will be staffed appropriately and all staff will satisfy the training requirements of 'Keeping children safe in education, September 2019⁷', in that they will have had copies of the following policies and had them explained to them how they operate in the setting:

- Safeguarding and Child Protection Policy
- Behaviour Policy
- Staff Code of Conduct
- Safeguarding response to Children who go missing from education
- Role of the DSL (including the identity of the DSL and any their deputy/deputies)
- Part one and Annex A of Keeping children safe in education, September 2019.

In addition to the above all staff have received appropriate safeguarding and child protection training. New members of staff are trained using the above resources by the DSL on appointment as part of their induction. Further to this, all staff receive regular safeguarding updates, this is done in the following ways:

- Staff meetings (virtually at the moment)
- Appraisal
- Staff information board in staff room
- Email bulletins
- Newsletters
- TSSP Safeguarding in Education Newsletter

Allegations against Adults working with Children

Any staff member who works in the setting will be aware of the process for sharing concerns about colleagues or other adults who works with children in regulated activity. In our setting they will report these concerns directly to the headteacher as soon as practically possible, ideally face to face, however during challenging times that may not always be possible, and a telephone call is also acceptable, but an email or text message is not acceptable as this may not be picked up in a timely manner.

It is made clear to staff in training, induction and in our Whistleblowing Policy that they should not consult or speak of the concern/allegation with other parties, without the expressed permission of the headteacher/DSL so as not to damage the integrity of any potential investigation, nor tarnish the reputation of colleagues prior to any due process.
